

FOR CONSTRUCTION / CUTTING AND GRINDING /  
DIAMOND POLISHING BLOCKS

Product reference

TDIAM200

## Diamond grinding block - grit 200 / TDIAM200

Brand

Bellota

EAN code

8414299046083

Use

For grinding and edge polishing work on ceramic tiles, porcelain tiles and natural stone surfaces.

Bullet points

For dry grinding and edge polishing work on ceramic tiles, porcelain tiles and natural stone surfaces.

Wet use is recommended to extend the lifetime of the block (better lubrication, cooling and removal of debris).

Start with the coarsest grain (G60) and work through the remaining grains (G120, G200), until polishing with the finest grain (G400) to achieve a better finish.

Description

Diamond block that fits the user's hand. Can be used dry but wet use is recommended to extend the lifetime of the block (better lubrication, cooling and removal of debris). Start with the coarsest grain (G60) and work through the remaining grains (G120, G200), until polishing with the finest grain (G400) to achieve a better finish. For grinding and edge polishing work on ceramic tiles, porcelain tiles and natural stone surfaces.
